A. Request to install "STOP" signs on S. 20th Street at the intersection of S. 20th Street and W. Wood Avenue.

- a. There were four residents (City of Milwaukee) in attendance for this item. Resident at 2015 W. Wood Avenue (City of Oak Creek) called prior to meeting in support of the request. The City of Milwaukee Senior Traffic Engineer and the City of Oak Creek DPW was not in favour of the request. This same request was reviewed and denied in February of 2012. The preliminary warrant analysis for a multi-way stop did not meet any of the criteria reviewed (Traffic Signals Justified, Crash Problem and Vehicle Volumes) (document provided to commission and residents in attendance). The resident's main concern at the intersection was speeding and pedestrian safety. The commission explained that additional measures for pedestrian safety should be explored instead of installing stop signs. The commission did not support the installation of stop signs but was more interested in exploring other options for pedestrian safety and/or traffic calming.

Motion to approve the request to install "STOP" signs on S. 20th Street at the intersection of S. 20th Street and W. Wood Avenue, made by Matthew Sullivan, and seconded by Rudy Umbs.
