

OAK CREEK POLICE

1990 ANNUAL REPORT

OAK CREEK

Police Department

7625 SOUTH HOWELL AVENUE — OAK CREEK, WISCONSIN 53154-2112

M. R. YOUNGLOVE
CHIEF OF POLICE

A. H. CLASEN
CAPTAIN

(414) 762-8200
FAX (414) 768-7445

April 01, 1991

Citizens of Oak Creek
Mayor Christine Bastian
Common Council
Police and Fire Commission
City Administrator Robert Kufrin

Citizens, Mayor, Ladies and Gentlemen:

It is with pleasure and a great deal of pride in the men and women of the Police Department that I present this annual report detailing the activities of the Oak Creek Police Department for the year 1990.

As you are aware, I was appointed Chief on September 28, 1990, succeeding Chief Edmund Siarkiewicz who retired after 34 years of service with the Oak Creek Police Department, having served as the Chief of Police for the last 12 years.

As you review this annual report you will see that many changes have taken place, and are taking place, within the department. None of these changes can be, nor will they be, successful without your continued support and the commitment of the members of this department.

As you will see, this department is committed to continual education and training in an effort to provide the best possible services to all members of this community.

Project D.A.R.E (Drug Abuse Resistance Education) premiered with the 1990 school year. The officers assigned to this program saw 169 students successfully complete and graduate from the D.A.R.E. program. The second semester has participation from 164 students with a planned completion and graduation in May 1991. This program truly signifies this department's and this community's commitment to the war on drugs.

(Continued)

In part, the mission of this department is to provide the highest level of police services to all members of this community. To achieve this mission, we will continue to be proactive in the equal enforcement of the law while at the same time being ever vigilant of our sworn obligation to safeguard the constitutional rights of all within our community. This challenge to law enforcement has never been more difficult and we have never needed your support more to achieve our goals.

I wish to thank each of you for the support you have provided to this department and the community during the past year.

Respectfully submitted,

Michael R. Younglove
Chief of Police

The Law Enforcement Code of Ethics

AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against violence or disorder, and to respect the Constitutional rights of all men to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger; scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided in me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession. . . . law enforcement.

NEW PERSONNEL/PROMOTIONS/RETIREMENTS

During 1990, Oak Creek Police Department hired the following:

| <u>NAME</u> | <u>DATE OF HIRE</u> |
|-----------------------|---------------------|
| KOPP, Paul M. | 02-02-90 |
| NEUHART, Valerie M. | 05-06-90 |
| YOUNGLOVE, Michael R. | 09-28-90 |

During 1990, the following Oak Creek Police Department members were promoted:

| <u>NAME</u> | <u>DATE OF PROMOTION</u> | <u>TO RANK OF</u> |
|--------------------|--------------------------|-------------------|
| HERMANN, Daniel S. | 02-19-90 | Sergeant |

During 1990, the following members retired from the Oak Creek Police Department:

| <u>NAME</u> | <u>DATE OF HIRE</u> | <u>RETIREMENT DATE</u> |
|------------------------|---------------------|------------------------|
| SIARKIEWICZ, Edmund W. | 12-17-56 | 02-18-90 |
| STAHL, Gerald | 12-17-56 | 06-02-90 |
| KENYON, Gary | 12-17-56 | 08-10-90 |

1990 AT A GLANCE

- * Chief Edmund W. Siarkiewicz retired after serving 34 years with the Oak Creek Police Department, the last 12 of which were as the Chief of Police.
- * Michael R. Younglove is appointed to the position of Chief of Police. Chief Younglove formerly held the position of Police Chief at Sheboygan Falls. He brings with him 17 years of law enforcement experience.
- * The Drug Abuse Resistance Education (D.A.R.E.) program was started. Two officers received training and are currently teaching D.A.R.E. within the Oak Creek School system.
- * Firearms are updated; .357 caliber service revolvers are exchanged for .45 caliber and 9mm semi-automatic pistols.
- * Crime Stoppers program is implemented. The program offers cash rewards to people who furnish information about crimes that leads to the arrest or conviction of a criminal. This program is funded by private donations.
- * Police Department begins interior/exterior facelift, which includes minor renovation, painting, carpeting, etc.
- * "Are You OK?" program is implemented. A computerized system makes daily telephone calls to senior shut-ins and others who need daily safety checks.
- * Computers (PC's) were purchased for the Police Department. The computers are being used for a wide range of tasks, examples of which are budgetary process, maintaining records, etc. The computers have helped in streamlining the clerical process, eliminated the cost of pre-printed forms, and significantly reduced the amount of space required for storage of reports.
- * Surveillance cameras were installed to monitor sensitive areas within the Police Department. Some of the areas under constant surveillance are the jail cells and the booking/processing room.

AREA OF PATROL

The Oak Creek Police Department has divided the city's 29 square miles into four basic areas of patrol, using Howell Avenue and Puetz Road as the dividing lines. This provides for a minimum of one squad and officer in each area who will be able to respond to any type of call/situation with a certain measure of expedience.

MILES OF ROADWAY

| | |
|------------------------|-------------|
| City Roads | 94.2 |
| County Highway | 10.61 |
| State Highway | 17.51 |

PROJECT D.A.R.E.

Project D.A.R.E. (Drug Abuse Resistance Education) is a substance use prevention education program designed to equip elementary school children with skills for resisting peer pressure to experiment with tobacco, drugs, and alcohol. This unique program, which was developed in 1983 as a cooperative effort by the Los Angeles Police Department and the Los Angeles Unified School District, uses uniformed police officers to teach a formal curriculum to students in a classroom setting. Project D.A.R.E. gives special attention to fifth and sixth grades to prepare students for entry into junior high and high school, where they are most likely to encounter pressures to use drugs.

D.A.R.E. lessons focus on four major areas:

1. Providing accurate information about tobacco, alcohol, and drugs.
2. Teaching students decision-making skills.
3. Showing students how to resist peer pressure.
4. Giving students ideas for alternatives to drug use.

D.A.R.E. uses uniformed police officers to conduct the class. Uniformed officers as D.A.R.E. instructors not only serve as role models for children at an impressionable age, but also have high credibility on the subject of drug use. Moreover, by relating to students in a role other than that of law enforcement, officers develop a rapport that promotes positive attitudes toward the police and greater respect for the law.

Project D.A.R.E. in the Oak Creek Police Department consists of a coordinator and two trained police officers. Two additional officers will be added for the 1991-1992 school year. The officers spend 17 weeks in the school, the last week being a graduation. The first semester of the 1990-91 school year saw 169 students successfully complete and graduate from the D.A.R.E. program. The second semester includes 164 students with a planned graduation in May of 1991. For the first year of D.A.R.E., 333 students will have completed the program.

The funding for Project D.A.R.E. came, in most part, from a grant given to the school district. D.A.R.E. also received generous donations from businesses within the community.

The first year of D.A.R.E. proved to be a success and, hopefully, will continue to be successful in the future.

CRIME PREVENTION UNIT

Crime prevention means reducing the chances for criminals to victimize you, your family, and neighbors. The key to a successful crime prevention program is a partnership between the Police Department and the citizens of Oak Creek. Therefore, the goal of the Crime Prevention Unit is to continue to maintain an open line of communication between the Police Department and the citizens of Oak Creek.

The Oak Creek Police Department has two members assigned to the Crime Prevention Unit, one sergeant and one patrol officer. The Crime Prevention Unit has an annual budget of \$1,000. The budget provides for crime prevention pamphlets, drug awareness materials, crime prevention/drug awareness video tapes and displays.

During 1990, the Crime Prevention Unit assisted in setting up and implementing the "Oak Creek Are You OK?" program and the Southeast Milwaukee Area Crime Stoppers program. The unit also continued to provide crime prevention talks/presentations to various civic groups, assisted in setting up neighborhood watch programs on request, and provided security surveys for homes and businesses within the city. The unit also participated in a simulated armed robbery at a financial institution. At the completion of this mock robbery, it was critiqued. This exercise was beneficial to both the Police Department and the financial institution employees, because it educated all as to what was expected of them.

In 1990, the Oak Creek Police Department received the Peoples Choice Award at the Oak Creek Business Fair. The Crime Prevention Unit participated and organized one of the main displays for this presentation.

DRUG ENFORCEMENT UNIT

The Oak Creek Police Department Drug Enforcement Unit consists of a captain, a detective, three sergeants and five patrol officers. All of the officers are assigned their regular duties as well as drug enforcement.

In 1990 the Drug Enforcement Unit accounted for 7 felony arrests for Delivery of Controlled Substance, 23 state cases for Possession of Controlled Substance, and 151 city arrests for substance violations.

In addition to the arrests made, numerous informants were developed who in turn cooperated with other law enforcement agencies (Milwaukee County Sheriff's Department, Waukesha County Sheriff's Department, Racine Sheriff's Department) which enabled those agencies to make narcotics arrests and enabled the Oak Creek Police Department to participate in Federal Forfeiture Sharing in 1990.

Also in 1990, the Drug Enforcement Unit received 70 reports of Possession of Controlled Substance, 17 reports of Sale or Delivery of Controlled Substance, and 22 reports of other drug activity.

ARSON INVESTIGATION UNIT

The Arson Investigation Unit consists of two sergeants and three patrol officers from the Oak Creek Police Department and a commander from the Oak Creek Fire Department. The unit's primary responsibility is to investigate fires which arouse suspicion as to their cause and origin. The unit also investigates all fires which cause injury. Response is usually initiated by request from first responding members from the Police or Fire Department.

On an average, two or three investigators may be used in search of a heavily damaged structure. An extensive post-fire investigation may necessitate the use of the Detective Bureau and Patrol Division for support information.

The unit works in cooperation with Wisconsin Department of Criminal Investigation Fire Marshals and also insurance companies and their investigators through the final disposition of the case.

Oak Creek Police Department classifies fires as either arson related or fires other than arson. Arson is defined as an intentional setting of a fire. During fire investigations it is often difficult or impossible to show intent of the setting of a fire. Officers, therefore, most often classify fires as fires other than arson. Investigators label these fires other than arson as either accidental, suspicious or undetermined when no intent can be found.

Total fires investigated during 1990 by either patrol officers or investigators was 119. This figure is down from 120 in 1989. The total number of fires classified as arson related was 6 in 1990. This number is down from 7 in 1989. There were no arrests on arson related charges in 1990 and that number is down from 1 arrest in 1989.

OPEN RECORDS

In 1990 the Oak Creek Police Department received and processed 231 requests for information (reports and pictures) under the "Open Records Law." The total revenue generated amounted to \$548.00.

Of the 231 requests that were filed, 11 were refused usually because of sensitive juvenile information contained. There were 34 inquiries where the requestor never picked up the completed request. Requests from 1989 were 186 handled, 5 refused, and 15 not picked up. All 1990 numbers are up slightly.

Two sergeants are assigned the responsibility for handling requests. This duty is done during normal shift hours. Manhours expended in search and edit time amounted to a minimum of 180 hours with research being completed by both sergeants and clerical, and editing being done by the sergeants. The time expended during 1989 was approximately 143 hours.

FIREARMS TRAINING

Based upon recommendations contained in its "Firearms Conversion Study" the department successfully converted from its traditional revolver to the new semi-automatic pistols. The new weapons, either Smith and Wesson .9mm or .45 caliber pistols, were issued to the officers once they had completed transition training.

The training required each officer to receive a minimum of 24 hours of instruction, to include work in the classroom as well as on the shooting range. Once officers had learned the nomenclature, terminology and mechanical functioning of the new weapons, they proceeded to the range where they were required to shoot a minimum of 550 rounds of ammunition on various courses of fire. The courses, by using differing distances, times, targets and methods of shooting, were designed to test the officers' ability to deliver the rounds both quickly and accurately.

Once the transition training had been completed, officers were required to demonstrate proficiency and competency with the new weapon by firing for qualification. Minimum standards of 80% for distances up to 21 feet (Stage 1) and 70% for distances up to 75 feet (Stage 2) were used. The average score and percentage of accuracy for all of the officers was:

| | | |
|---------|--------|-------|
| Stage 1 | 235.47 | 94.1% |
| Stage 2 | 103.23 | 82.5% |

When both stages are combined, the overall average is 88.3%. Last year's scores with the revolvers, utilizing a similar course of fire, showed an accuracy level of 82.7%. At first glance, the 5.6% increase in accuracy may not seem to be much of an improvement. However, when you consider that the operation and handling of the semi-automatic and the revolver are totally different from one another; that the officers (many with over 25 years of revolver shooting) had to "unlearn" one system and adapt to another; and had to accomplish this task in less than 3 days; then that 5.6% increase becomes significant.

Additionally, some officers also participated in various types of shooting leagues at either Wisconsin Electric Power Rod and Gun Club or the Shooter's Sports Center. Although officers were authorized and encouraged to shoot in order to help maintain proficiency with the sidearm, participation was purely voluntary. A total of 24 different officers participated in at least one of the leagues. These included bullseye and silhouette target leagues.

BUREAU OF IDENTIFICATION

The Bureau of Identification is responsible for the processing of all fingerprint cards generated by the Oak Creek Police Department, as well as the overall maintenance of the fingerprint files.

During 1990, the Bureau of Identification files increased in size by 1,171 subjects, increasing the overall number of fingerprint cards on file with the Bureau of Identification to 12,659.

Of the 1,171 new entries, 989 of them are of individuals arrested by the Oak Creek Police Department for various offenses ranging from minor ordinance, traffic and statute violations to serious felony offenses.

In addition, 182 fingerprint cards were processed by the Bureau of Identification for non-criminal reasons, which include city licensing, record checks, and personal identification.

The Bureau of Identification is also responsible for providing personal identification fingerprinting programs. These programs, which are provided free of charge, are primarily targeted at young children. The children are fingerprinted on a personal identification fingerprint card, which is then retained by the child's parents. Through this program, which began in 1982, the Bureau of Identification has been able to fingerprint hundreds of children.

1990 Fingerprint Card Breakdown:

| | |
|--------------------|-------|
| Arrests..... | 989 |
| Licensing/Etc..... | 182 |
| Total..... | 1,171 |

PHOTOGRAPHY DEPARTMENT

The Photography Department consists of the following equipment:

35mm Cameras

- 2 - Canon EOS 630 auto-focus cameras with dedicated flash units
- 1 - Pentax Spotmatic with 80-210mm zoom lens, plus 2x converter
- 1 - Ricoh auto-focus camera for mug shots

Video Equipment

- 1 - Panasonic AG 170 VHS camera (Donated by the Lions Club)
- 1 - Panasonic AG-1730 VCR
- 1 - Panasonic AG 180 VHS camera (Donated by MADD)

Polaroid Cameras

- 2 - Auto-focus SX-70 cameras
- 2 - Manual focus cameras

Dark Room Equipment

- 1 - Omega brand enlarger
- 1 - Arkay drier (for prints)
- 1 - Bulk loader for 35mm film, plus reusable canisters
- 1 - Patterson 35mm film developing tank

During 1990 the Photography Department developed and printed 2308 crime scene photos, including accident scenes; 1189 mug shot photos and 235 Polaroid photos, to include keeping a file for each type of photos. The Photography Department also generated approximately \$700 worth of revenue for the City, by reprinting photos for citizens, insurance companies and attorneys. All black and white photos are done "in-house" and all color photos are developed and printed at Family Photo, 6508 S. 27th Street, Oak Creek, WI.

All of the cameras, with the exception of the video cameras, can be operated by all of the members of the department. There is training conducted by the Photography Department on all of the cameras.

The department purchased surveillance cameras during 1990 for the cellblock, entranceway, and the booking area in the station. We also purchased two (2) telephoto lenses for the video camera, thereby making it more useful for surveillance work. MADD donated another video camera, which is being experimented with to see the best use for it, either in a squad or in the station. Also, a new video cassette recorder was purchased in order to enable officers to view training and 24 hour surveillance tapes.

Photography Department (Con't)

We are still looking into converting the black and white lab we presently have into a color lab.

The new mug shot system is in place and appears to be working well. With the new system and officer does not have to place the numbering plaque on the individual being photographed, but merely has to pull the plaque from against the wall. Also, the camera used for mug shots can be folded against the wall.

The department also replaced the 35mm cameras with auto-focus cameras. Even in a totally darkened room an officer can take an in-focus picture with the dedicated flash units. This enables the officer to think more of the content of the picture rather than the operation of the camera.

OAK CREEK AUXILIARY POLICE

The Oak Creek Auxiliary Police unit was established circa 1969 as part of the Oak Creek Police Department Civil Defense Unit. It is comprised of city volunteers and the only cost is for uniforms.

The Oak Creek Auxiliary meets the second Wednesday of each month at 7:00PM. The meetings are used for training, discussion of coming events and staffing of these events by the unit members.

The impact of Auxiliary/citizen participation generates a team relationship between citizens and the police, whose benefits cannot be purchased through the budgetary process. The areas of impact outlined below should be very evident.

During the past year, the unit has provided services at the following functions: Municipal Court, High School sporting events, 4th of July parade and program, Lions Festival and the Oak Creek Community Center fund raising. In addition to this, they provided traffic control for the Triathlon and were active at the Chamber of Commerce Business Fair. The unit will provide any help within the scope of their training to any organization in the city of Oak Creek.

The unit, from its inception, has provided excellent assistance to the Police Department and has become a well organized unit, donating over 2,700 hours per year for community service. The hours donated represent approximately one patrolman's wages for a year.

OAK CREEK POLICE EXPLORER POST 864

The Oak Creek Police Explorer Post has been chartered by the Oak Creek Police Department for the past 11 years. Explorer posts are a division of the Boy Scouts of America. Explorer posts were established to introduce young people to a certain career which they may want to pursue as an adult. At the end of 1990, there were 49 people between the ages of 14 and 21 registered to the Oak Creek Police Explorer Post.

Traffic stops, crime scene investigations, fingerprinting, and hand gun safety are just a few of the topics explorers are instructed on during the course of the year. Explorers have invited guest speakers from other police departments, as well as representatives from several government agencies.

Each year the Explorers attend a seminar where they can compete against Explorers from other departments. Mental and physical skills are challenged. This year the seminar was held at the Milwaukee Safety Academy. Oak Creek Police Explorers took awards in crime scene investigation and traffic stops.

The Explorers are always willing to take part in civic celebrations when invited. In addition, they volunteer their time to projects of the Boy Scouts of America.

Each year the Oak Creek Police Explorers Post is asked to assist with public and private festivals. The Post has developed a reputation of being prompt, trustworthy, and courteous. The festivals then donate money to the Post. This is necessary because the Post is self-supporting and receives no financial compensation from the Police Department. Money is spent on uniforms, equipment, education and recreation.

Our fun trip of the year was a three-day canoe trip on the Wisconsin River. Not only did members get wet from falling in the river, but they had more than their share of rain. The Explorer Post also took a couple of smaller overnight camping trips. The camping trips are really enjoyed by the Post members.

The following is a breakdown of activities conducted by the Oak Creek Police Explorer Post during 1990. Only four events were money generating activities.

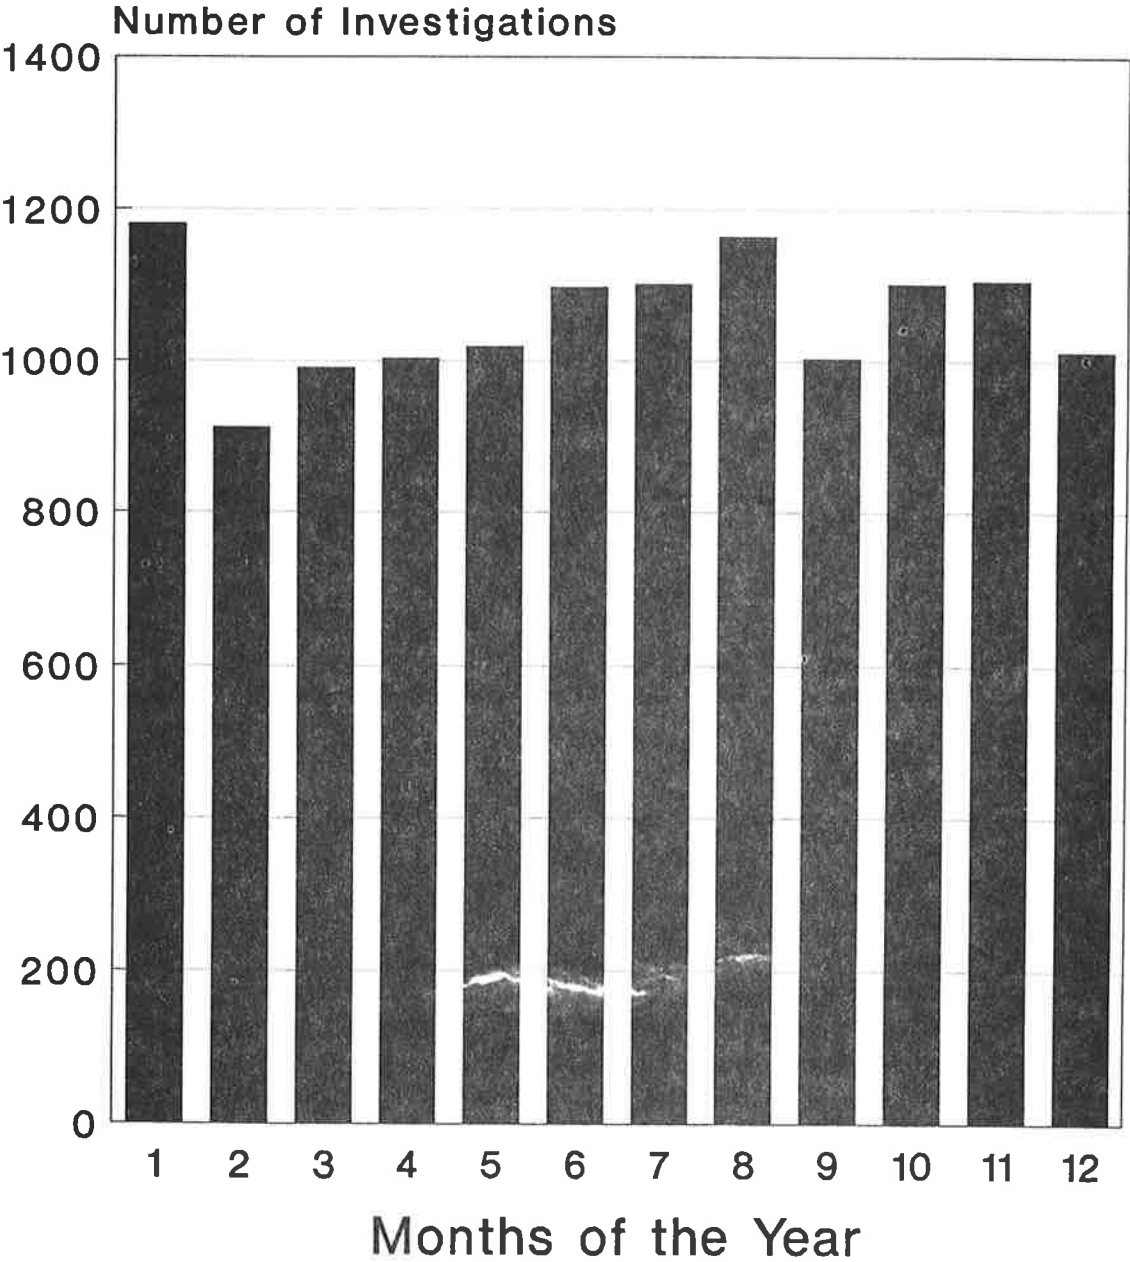

| | |
|--|---|
| Traffic & Crowd Control Functions (These may be several days long.) | 9 |
| Civic Celebrations | 4 |
| Public Assistance Events (Children's fingerprinting, food collection, etc.) | 4 |

INVESTIGATIONS

During 1990, the Oak Creek Police Department investigated 12,696 complaints and made 3,091 arrests. Listed below is a small portion of some of the varied calls that officers had to respond to. Also listed is the number of complaints in 1989 and 1990 for each of the categories and the percentage difference.

| INVESTIGATIONS | | | |
|-----------------------------|----------------------|------|----------|
| TYPE OF INVESTIGATION | NUMBER OF COMPLAINTS | | % CHANGE |
| | 1989 | 1990 | |
| Assist Ambulance | 656 | 748 | + 14% |
