Vision

The Oak Creek Fire Department’s 2026 vision is to continue our commitment to preventing harm, providing care, and protecting our community from all risks and hazards. This vision, our true futurity, will become a reality by striving to accomplish our goals and objectives. We will realize this future by. . .

Observing our compassion for those we serve through enhanced public outreach and community paramedicine initiatives. These will support our mission and show we truly care.

Continuing our commitment to and being responsive for our greatest assets, our members, through greater workforce development and health and safety focuses. These will guarantee we are best providing for those who live, work, and play in Oak Creek.

Forging our integrity through the management of our physical resources. This will help us focus on the future while being fiscally responsible for the resources we are entrusted with.

Dedicating to excellence for our citizens and ourselves through continuous improvement as an internationally accredited fire service agency. The efficacies realized from all of our strategies will benefit all who hold a stake in our agency. We commit to making a difference in the future by consistently holding each other accountable for embracing our mission, living our values, and ringing this vision to fruition.
