

Oak Creek Health Department Quarterly Highlights

Fall 2023

Narcan and Harm Reduction Initiative

You may have seen our bus ad around town highlighting Narcan availability in our community! As a reminder, anyone can stop in to see us for FREE Narcan during our normal business hours. Additionally, Fire Station #3 has a Harm Reduction Vending Machine with FREE Narcan and other supplies that can be accessed 24/7.

Growing Partnerships!

We recently worked with the Oak Creek Library to have a new book, *Where to Start: A Survival Guide to Anxiety, Depression, and Other Mental Health Challenges*, featured in their collection. Check it out now!

Our Community, Our Voice

Over the past year, the Cudahy, Oak Creek, and South Milwaukee-St. Francis Health Departments have conducted interviews and focus groups with community members and partners to better understand the impact that COVID-19 had on our communities and determine how we can support our communities using a collaborative and equitable approach. To share these findings with community members and stakeholders, we held four Our Community, Our Voice events.
